Wakefield Bridge®

WAKEFIELD BRIDGE® steel shingles are designed as an alternative to common asphalt shingles, but with the toughness and long-lasting qualities of high-strength steel roofing panels. With our limited 50-year warranty, these steel shingles may very well be the last roof you install on your house for as long as you live.

WAKEFIELD BRIDGE® steel shingles are manufactured with a stucco-embossed finish for greater strength and a distinguished look. Available in a **SELECTION OF ATTRACTIVE COLOURS** to perfectly match today's popular residential construction cladding materials, they will increase the value of your home and improve its exterior appearance.

English Slate

Lightweight, Recyclable and Reflective

WAKEFIELD BRIDGE® steel shingles are at least 60 percent lighter than asphalt shingles, concrete and clay tiles, cedar shakes and slate roofing. They are more resistant than all of them with the exception of heavy and costly slate and much stronger than aluminum shingles.

WAKEFIELD BRIDGE® steel shingles are manufactured from new and recycled steel. Unlike common asphalt shingles made from fossil fuels, they are not subject to the fluctuations of world market oil prices. Unlike discarded asphalt shingles clogging our landfill sites, they are entirely recyclable. Our steel shingles are protected by our proven oven-baked PVDF paint system with Kynar 500® resin and the most advanced "Cool Roof®" solar reflection technology ensuring exceptional protection from solar radiation and reducing the cost of summer air conditioning.

- FLUOROPON™ L/S SR, PREMIUM FLUOROPOLYMER COATING WITH 70% PVDF SYSTEM AND SOLAR REFLECTIVE PIGMENTS
- CORROSION RESISTANT PRIMER
- CHROMATE CHEMICAL PRE-TREATMENT TO ENHANCE PAINT ADHESION AND CORROSION RESISTANCE
- GALVALUME, ZINC / ALUMINUM COATING
- BACKER COAT PROTECTION

The Superiority of Steel

Steel shingles carry the unquestionable advantage of being long-lasting. They will not rot, curl, crack, break, chip, peel and perforate under normal use and minimum maintenance. Have no fear of rain, ice, sleet, frost, hail (UL 2218 Class 4), wind (TAS100, Miami Dade, 177km/h) and burning embers (fire rated class A, ASTM E108).

Ask your dealer about **WAKEFIELD BRIDGE®** long-life steel shingles and our transferable 50-year limited warranty.

**You'll never have to reroof again –
Simply enjoy life!**
